Your Divorce: Your Decisions

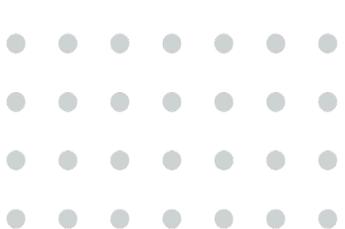

Welcome to our Virtual Conference 2025-2026

The Florida Academy of Collaborative Professionals (FACP) is proud to host a Virtual Conference for the 2025-2026 year. This virtual conference will be made up of three (3) sessions of virtual presentations to be held on March 13, 2026; April 10, 2026 and May 8, 2026.

Each session will run from 9:00 a.m to 1:00 p.m. with presentations on topics of interest to our members of 60 minutes, 75 minutes or 90 minutes. The presentations will be live. As a Sponsor, time will be provided in between presentations for Sponsors to provide a brief video highlighting themselves as well as planned break-out rooms made available for interaction with members in between presentations.

Practice Groups from around the state will be hosting live regional “watch parties” so that the members from each region can meet to view the presentations and thereafter enjoy the camaraderie and socialization with the members who attend. Sponsors may be provided with the opportunity to have a live representative appear at a Practice Group event on each of the three dates.

We hope this will be the inaugural Virtual Conference to be scheduled on the alternate years with the live Conferences going into the future. We look forward to your participation.

Sponsorship Opportunities

We invite you to explore a range of sponsorship levels tailored to your capacity and goals. Our levels are curated to recognize your sponsorship across our digital platforms, including the web, social media, and Conference collaterals. At the higher levels, there are additional exclusive benefits beyond the Conference to showcase your presence among the Collaborative community:

Why Support Matters

Your partnership sustains a movement that transforms the way families navigate marital transitions. Together, we empower families to shape their futures through thoughtful, collaborative solutions. Your continued generosity and dedication to FACP's mission is the foundation of our success.

FACP Vision

Our vision is to create a culture in which the Collaborative Process is the prevailing method for the resolution of disputes beginning with family law and evolving into all other areas of law.
